Teeners This is a hybrid coach pitch/player pitch level with 2 innings of coach pitch and 2 innings of player pitch. The focus of Teeners will be instruction and teaching sportsmanship. A coach at this level will be expected to allow each player to play all defensive positions. The score may be kept, but there will be no standings. There may be a playoff tournament at the end of the season. The playoff decision is based on the general display of sportsmanship by the adult coaches and parents.

Ponytails Minor League level fastpitch softball for girls only. This is a player pitch level. *Experienced 2nd graders are allowed to tryout for this level.*

Middle School & High School Fastpitch softball. Players may steal any base on release.

Games with Other Leagues - Please note that in the past EYL has partnered with other local softball organizations to provide our players with more games. You can expect a portion of games to be hosted by these local leagues. To all Players, Coaches and Spectators, please make sure your actions are a positive reflection of our league and community. This arrangement is a mutually beneficial partnership and we all need to work together for it's success.
